**Registrations close 10 June**
The aim of the Workshop is to provide a forum for the Asian poultry industry and their technical advisers to be updated on recommended control measures for respiratory health problems causing excess mortality and limiting productive performance in Asian poultry flocks.

The main purpose of the presentations is to provide background information that can be discussed in the workshop sessions which will occur each day of the two-day Workshop.

Venue: Sofitel So Bangkok, 2 North Sathorn Road, Bangkok, Thailand

16th June 2013 (Sunday)
1800 Conference Welcome Gathering

17th June 2013 (Monday)
0900 Setting the Scene

Dr. Tom Grimes, Program Director, Australia

WHAT ARE THE CURRENT CHALLENGES WITH POULTRY RESPIRATORY DISEASES IN ASIA
0920 The Economic Importance of Poultry Respiratory Diseases

Dr. Mario Sergio Assayag, Director Animal Health, Brazil Foods, Brazil

1000 The Occurrence of Poultry Respiratory Diseases in Asia

Dr. Marcelo Paniago, Director of Global Veterinary Services, Ceva Sante Animale, France

1040 Coffee

HOW DO WE DIAGNOSE POULTRY RESPIRATORY DISEASES IN ASIA
1110 Field Diagnosis

Dr. Chin How Cheong, Veterinary Consultant, Singapore

1150 Laboratory Diagnosis

Dr. Matthias Voss, Director, Poultry Health Laboratory Services, Lohmann Tierzucht, Germany

1230 Lunch

1320 Workshop on the Diagnosis of Poultry Respiratory Diseases – Group Discussion and Recording Outcomes

1500 Coffee

1530 Workshop on the Diagnosis of Poultry Respiratory Diseases – Presentation of Outcomes

1700 Workshop on the Diagnosis of Poultry Respiratory Diseases – Summary by Dr. Tom Grimes

1730 Close

1900 Conference Dinner

18th June 2013 (Tuesday)

HOW DO WE PREVENT, CONTROL AND TREAT POULTRY RESPIRATORY DISEASES IN ASIA
0830 Prevention and Control of Infectious Bronchitis in Asia

Dr. Rafael Monleon, Asian Regional Veterinarian Aviagen Asia, Bangkok Thailand

0900 Prevention and Control of Avian Influenza in Asia

Dr. David Swayne, Laboratory Director, Southeast Poultry Research Laboratory, USDA/Agricultural Research Service, USA

0940 Prevention and Control of Newcastle Disease in Asia

Dr. Teguh Prajitno, Director of Laboratory Services, Japfa Comfeed, Indonesia

1010 Prevention, Control and Treatment of Selected Bacterial Respiratory Diseases of Poultry (Fowl Cholera, Infectious Coryza and Mycoplasmosis) in Asia

Dr. Pat Blackall, Research Manager, Poultry Co-operative Research Centre, Australia

1040 Coffee

1110 Workshop on the Prevention, Control and Treatment of Poultry Respiratory Diseases – Group Discussion and Recording Outcomes

1240 Lunch

1340 Workshop on the Prevention, Control and Treatment of Poultry Respiratory Diseases – Presentation of Outcomes

1520 Workshop on the Prevention, Control and Treatment of Poultry Respiratory Diseases – Summary by Dr. Tom Grimes

1550 Close

SOFITEL SO BANGKOK
Situated on the corner of Sathorn and Rama IV Roads Sofitel So Bangkok is an intrigue-steeped 5-star hotel with a resolutely contemporary outlook. Situated close to expressway access from either Suvarnabhumi or Don Mueang airports and just metres from the Lumpini MRT Station the Sofitel So Bangkok offers the most stylish meeting venue in Bangkok, fully equipped with the latest technologies such as LCD screens, projectors, AV and free WiFi. Well-appointed rooms feature free WiFi, Apple Mac Mini multimedia system and minibar. Reduced conference room rates have been negotiated with the Sofitel So Bangkok – see the registration form for further details.
Mário Sérgio Assayag has a veterinary degree from the Universidade Federal do Paraná and a Ph.D. from the Universidade de São Paulo in cooperation with the University of Georgia (USA). Mário was initially a Poultry Technical Trainee at Arbor Acres Farm Inc. In 1995, he was responsible for breeder, hatchery and broiler management, health and field technical support at Sadia S. A. From 1996 to 2001, he joined Intervet as the Technical Manager for technical and marketing services for poultry products in Brazil and Latin America in 2001 and then returned to Sadia S.A./BRF in 2007 as the Animal Health General Manager responsible for Animal Health (Poultry, Turkey and Swine) in the field and processing plant.

Pat Blackall is the Research Manager for the Australian Poultry Co-operative Research Centre as well as holding a Principal Research Fellow position within the Centre for Animal Science. Pat has a Science Degree (Microbiology) and a PhD (Microbiology) from the University of Queensland. Prior to his current positions, he worked within the Queensland State Government as a diagnostic microbiologist (1974-1979) and as a research scientist (1979–2010). Pat has research interests that involve bacterial pathogens of food-producing animals as well as enzootic pathogens that can be transferred from food-production animals to humans. His research group has expertise in both molecular and conventional veterinary bacteriology. He and his co-authors have published many scientific papers on bacterial diseases and he is the senior author of the chapter in Diseases of Poultry 12th edition on Infectious Coryza and Related Bacterial Infections. Pat has extensive experience working in laboratory and field situations in Europe, Asia and the Americas.

Chin How Cheong is a Consultant based in Singapore. Dr Chin graduated from Bombay Veterinary College in 1973 and started his first career as a veterinarian in the National Zoological Park and Aquarium in Malaysia. He worked as an Animal Science Field Researcher for Eli Lilly (ELANCO) for 5 years before embarking into a poultry integration and feed business in Sri Lanka for 15 years. He joined Japfa International in 2001 as Senior Executive VP in charge of India, Myanmar and Vietnam operations before his retirement in June 2012. Currently Dr. Chin is working as private consultant for several leading poultry integrators in SE Asia and for animal health products companies.

Rafael Monleón, Aviagen Regional Veterinarian for Asia, completed his Doctor of Veterinary Medicine at the Universidad Complutense Madrid (Spain). He then undertook a Masters of Specialized Veterinary Medicine at North Carolina State University (USA). He is a Diplomate of the American College of Poultry Veterinarians. Rafael has worked at Eville & Jones (UK) as an Official Veterinarian in Poultry Meat Processing Plants and at North Carolina State University (USA) as Intern Veterinarian in the Department of Poultry Health Management before joining Aviagen (US/ASIA).

Speakers

Marcelo Paniago is a veterinarian graduated in Brazil who has worked in the poultry sector for over 26 years. He started his career in a Chicken Genetic Improvement Program at Universidade Federal de Viçosa/FINEP. After obtaining the degree of Master in Science (MSc) in Preventive Veterinary Medicine, he joined the Universidade Federal de Minas Gerais as a contracted professor of Poultry Diseases. In 1993, he joined Agroceres-Ross (Aviagen do Brasil) where he spent 10 years. His last position with that company was the Head of the Poultry Health Department. In 2003, Paniago obtained the degree of Master of Business Administration (MBA) from Fundação Getúlio Vargas (Brazil) and Ohio University (USA). In 2004, he joined Ceva Animal Health Asia Pacific as Regional Market Manager - Poultry. In July 2012, he was appointed Director of Global Veterinary Services – Poultry with Ceva Santé Animale, in France.

Teguh Prajito is the President Director Vaksindo/ Poultry Health Consultant and Director/Vice President of Japfa Comfeed Indonesia. He has a Masters and PhD Degree in Molecular Biology from the University of Technology Aachen Germany. Teguh has previously worked as a Research Associate for Bayer AG Leverkusen Germany, as the Assistant Manager Asia Pacific for Intervet International Boxmeer The Netherlands, as the Marketing and Sales Director for Intervet International Jakarta Indonesia and as the Head/Vic President of the Poultry Department Multibreeder Adirama Indonesia.

David E. Swayne is a veterinarian (University of Missouri), with Master of Science (University of Missouri) and Doctor of Philosophy (University of Georgia) in Veterinary Pathology. He is currently Director of the US Department of Agriculture’s in house high biocontainment laboratory (BSL-3E and ABSL-3E) for research on exotic, emerging and endemic viral diseases of poultry (Southeast Poultry Research Laboratory). In 2011, he completed a 16 month sabbatical to OIE, conducting a global assessment of avian influenza control programs, especially the role of vaccines. Dr Swayne is the Subject Matter Expert on Avian influenza for USDA, Agricultural Research Service and has served on OIE international committees to update the Avian Influenza chapters in Terrestrial Animal Health Code and Manual of Standards for Diagnostic Tests and Vaccines, and develop compartmentalization concept for poultry.

Matthias Voss graduated as a veterinarian at the Free University of Berlin. He has been a member of the Poultry Study Group of the EU since May 1993 and Secretary of the German Group since 2000. He has been the Manager of the Veterinary-Laboratory and Chief Veterinarian of Lohmann Tierzucht GmbH since 1997. Matthias has professional experience in health control in primary poultry breeders, control of SPF populations, veterinary customer service for layer and broiler breeders world-wide in regard to poultry health and disease prevention, diagnostic laboratory work, development of poultry vaccines and quality control of poultry vaccines.
REGISTRATION FORM

Please complete one registration form for each delegate – photocopy for multiple bookings and/or different addresses.

Regular Conference Package

- I am registering for the full conference including coffee breaks, lunches, official dinner, conference work papers and proceedings at USD 1000 per person
- Registrations close 10 June 2013
- I will not attend but send me the proceedings on CD at USD 250
- I would like a Dinner Ticket for my Partner/Accompanying Guest at USD 75

Name of guest for name tag ............................................................

Delegate Details

Please check one box  ☐ Dr  ☐ Mr  ☐ Mrs  ☐ Ms  ☐ Miss
