

LIVE CONFERENCE PROGRAM

The Landmark Bangkok, 138 Sukhumvit Road, Bangkok 10110, Thailand

MONDAY 28 November 2022

- 1000-1050 **Technical briefings - Beat Your Own Best with GuanAmino**
Pradeep Krishnan, Technical Service Director, Evonik SEA Pte Ltd, Singapore
– Landmark 1, 7th floor
Dr Krishnan holds a Doctorate in Poultry Nutrition from University of Nebraska Lincoln, USA and has graduation in Veterinary and Animal Sciences from Kerala Agricultural University, India. In his current role with Evonik as Technical Service Director, he focuses on the future sustainability of food value chain, which is driven by three dimensions of Innovation ie efficiency, ecology and food quality and safety.
- 1100-1110 **Conference welcome**
Rex Holyoake, Asian Agribiz Media & David Faulkner, Conference Chairman
– Landmark Ballroom, 7th floor
- 1110-1140 **Keynote address: Where will Southeast Asia source its raw materials in five years' time?**
Bob Swick – Poultry Industry Consultant and Adjunct Professor, Poultry Hub Australia, University of New England, Australia
Over his 40-year career Prof Swick has held positions at Monsanto Company, Novus International, American Soybean Association and University of New England. Dr Swick has supervised 30 higher degree research students and has published over 300 technical papers, bulletins, reports, journal articles and patents. His current interests include protein and amino acid nutrition, trace minerals, and sustainable poultry production.
- 1140-1300 **Pathways to profit – Review of the 'corn-soy diets – more from less' session**
Moderated by Peter Chrystal and David Faulkner
Including an update on the 2022 US soybean harvest by Seth Naeve, Associate Professor and Soybean Agronomist with the University of Minnesota, USA
Dr Chrystal completed his Bachelor of Science in South Africa under Professor Rob Gous and has recently completed a PhD in poultry nutrition at the University of Sydney investigating reduced protein diets in broiler chickens. He has extensive commercial experience in both monogastric feeds and vitamin and trace mineral premix manufacture. He has worked as a nutritionist for the largest poultry integrators in South Africa, New Zealand, and Australia. He is currently working as a monogastric nutrition consultant and broiler/pig financial modelling expert and is based in Sydney.
- 1300-1400 **Lunch**
- 1400-1410 **Presentation – Industry recognition**
Moderated by David Faulkner
- 1410-1440 **Keynote address – Accelerating change in the business of food production**
Jean-Yves Chow - Managing Director Asia, Creadev; former Agrifood & Retail Sector Coverage Lead - Executive Director, Mizuho Bank, Singapore
JY Chow leads the venture capital investments in Food and Ag-tech in Asia at Creadev based in Singapore. Creadev is the investment firm of the Mulliez family's business - an autonomous federation of over 150 companies, which employ about 600,000 people in more than 60 countries with leading businesses such as Auchan, Decathlon, Leroy Merlin, Boulanger. Prior to joining Creadev, JY spent 15 years originating, advising, and financing transactions in agriculture, food, and retail across Asia at Mizuho Bank in Singapore and Rabobank in Hong Kong. JY has a Master of Food Science from ONIRIS, Nantes Atlantic College of Veterinary Medicine, Food Science and Engineering, France, and a Sustainable Finance certificate from the University of Cambridge.

- 1510-1530 **Demonstration – Hand-held real time NIR**
Pradeep Krishnan, Technical Service Director, Evonik SEA Pte Ltd, Singapore
- 1525-1655 **Pathways to performance – Review of the 'mastering gut functionality'**
Moderated by Pietro Celi and David Faulkner
After graduating in Veterinary Medicine at the University of Bari, Italy, Dr Celi completed a PhD in Animal Science at the University of Western Australia. In 2000 he took a lectureship position in Animal Physiology at the University of Basilicata, Italy, and in 2005 he joined the University of Sydney as Senior Lecturer in Ruminant Health and Production. In 2015 he joined DSM Nutritional Products as Global Science Lead for Gut Health and in 2020, Adisseo as Regional Category Manager for Ruminants and Palatability
- 1655-1700 Closing remarks

TUESDAY 29 November 2022
Landmark Ballroom, 7th floor

0900-0910 **Conference welcome**
David Faulkner

0910-1030 **Pathways to efficiency – Review of ‘manipulating digestion & absorption’ session**
Moderated by Miriam Alberto-Tempra and David Faulkner

Dr Alberto-Tempra has a PhD in Animal Nutrition from the University of the Philippines Los Banos. She has worked as a nutritionist at a feedmill company before becoming a technical manager for an importer where she developed and managed feed products for monogastrics. Early 2021, she established Bright Side Consulting, a nutrition consulting firm to service a range of clients in the animal feed industry. She also serves as the Global Head for Nutrition Consultancy Services of Vetworks, a global poultry consultancy company based in Europe.

1030-1100 **Coffee break**

1100-1125 **Keynote address – No-antibiotic ever, is that a realistic future prospect?**

Susanne Kirwan PhD, Global Technical Service Manager Intestinal Health, Kemin Industries, Germany

Dr Kirwan is an animal scientist specializing in field applications of animal health solutions. She holds an MSc from Hohenheim University, Germany, and a PhD from the University of Aberdeen, Scotland. She has worked across Europe, the Middle East, and Africa, from practical research in microbiology in Palestine to managing poultry parent stock in a commercial setting in Nigeria. Dr Kirwan is constantly going back and forth from conducting research and occasionally writing for scientific publications.

1125-1145 **Spotlight video - An on-farm practical perspective to gut functionality**

Derek Detzler, Global Technical Services Manager, Jefe Nutrition and General Manager, Hucon Poultry Inc, Canada

Mr Detzler lives on a family farm which raises 120,000 antibiotic free broiler chickens per cycle. For over 15 years, his focus has been the reduction of antibiotics using coccidiosis vaccines to tackle anticoccidial resistance development. He has consulted for various pharmaceutical and vaccine companies and was a member of the Chicken Farmers of Canada Antibiotic Reduction Committee, and a PAACO certified poultry welfare auditor. In 2013, he became the Global Poultry Technical Services Manager for Jefe.

1200-1300 **Lunch**

1300-1335 **Keynote address – Global roadblocks to feed ingredient supply**

Darin Friedrich, - Director of Market Research, Sitionia Consulting, China (by video)

Darin Friedrichs is a co-founder of Sitionia Consulting, a Shanghai-based consultancy focused on the Chinese agricultural markets. Originally from Iowa, he worked as a grains analyst in Des Moines before moving to China in 2016 and worked at a domestic trading company and an international brokerage before started Sitionia Consulting.

1335-1455 **Pathways to ingredient selection – Review of ‘alternative options’ session**

Moderated by Yuwares Ruangpanit and David Faulkner

Dr Yuwares Ruangpanit graduated from Kasetsart University, Thailand. She completed her PhD in Nutrition from North Carolina State University. Currently, she is a lecturer in mono-gastric animal nutrition at Department of Animal Science, Faculty of Agriculture at Kamphaengsaen, Kasetsart University, Thailand. Her research of interest includes the nutritional evaluation and application of alternative energy and protein feed ingredients for poultry and swine.

1455-1500 **Closing remarks**

David Faulkner and Peter Chrystal

1510-1600 **Technical briefing - Practical approaches to formulating alternative ingredients for profitability**

Matthew Clark, Director, FeedGuys Resources Pte Ltd, Malaysia

– Landmark 1, 7th floor

Mr Clark graduated in Agriculture from London University and has since focused mainly on projects in the feed and farming business in SE Asia. He concurrently worked on the development, sales and implementation of formulation systems starting with the Brill Corporation in Atlanta as Vice President of Product Development in 1990 and continued in that role as a distributor and consultant for Brill Formulation Systems. He is a founding member of Genesis Feed Technologies, based in Fargo, North Dakota.
